ADDITIONAL INFORMATION:

PUREBRED AND PARTBRED DIVISIONS

Ladino GF is a 16.3 hand bay/black, with no white, inscribed and revised, triple registered pure Spanish horse bred by Gremlan Farms.

Ladino GF is the prototype of the pure Spanish horse. He is magnificent with an unbelievably kind disposition. He is extremely talented and very athletic. His conformation is very correct, allowing for breathtaking movement and grace.

Ladino GF began his show career at a young age and has done very well and has been nominated to the Foundation's Book of Merits. He has two foals and has consistently passed his characteristics to both.

We are greatly blessed to have a horse like Ladino GF and look forward to his success in the show ring as well as watching his foals succeed.
