ADDITIONAL INFORMATION:

PUREBRED DIVISION

Obelisco MAC is a striking 6 year-old pure Cardenas-bred stallion. What does "Pure Cardenas" mean? Simply put, it means that the bloodlines are a concentration of the oldest and finest bloodlines available anywhere. Horses from the Cardenas breeding program have won more National honors in Spain than any other breeder. Many of the top producing horses around the world carry one or more crosses back to Cardenas bloodlines. Famous horses in Obelisco's pedigree, such as Valido, Vasallo and Ranchero, will also be seen in many National Champions both in Spain and in the United States. His sire, Clasico MAC, is a two-time National Champion of Spain in 2000 and 2001.

This will be the first year that Obelisco is available to the public for breeding since Mr. Martinez acquired him. Without doubt, and with time, this dashing young stallion will take his place of honor amongst some of the great ones. Here is the chance to introduce bloodlines that have been tested over many decades into your program. Do the research and you will see... there is a reason for success.
