ADDITIONAL INFORMATION:

PUREBRED AND PARTBRED DIVISION

The Red Buckskin Sensation PRE revised "Desplante XIII" Brilliant in movement (with great agility perfect for dressage!), gorgeous in conformation and PURE GOLD in color, Desplante truly lives up to the anticipation! This deep, dark rich PRE REVISED Buckskin Stallion has the VERY RARE color coding gg *Ee AA CCr* (ANCCE Tested and Verified), which means he can produce Palomino, Chestnut, Buckskin, Perlino AND Cremelo! (With NO Grey Gene.) This alone makes him PURE GOLD to those discriminating PRE breeders looking for Quality AND Color. However, Desplante is not only color. This PURE GOLD stallion, with an angel temperament that is very workable for dressage, also has fantastic bloodlines. Strong in Bohorquez, Benitez and Military bloodlines. This is evident through Desplante's grandsire, Grand Prix Dressage Superstar Minero VII from Yeguada MaipeExpecting his first crop of PRE foals 2011. Should mature to over 16 hands...
